BOYS LEFT MONDAY FOR CAMP TAYLOR

BIG SANDY COUNTIES COMPLETED THEIR QUOTA ON FIRST CALL LAST MONDAY.

Every man called to report from Lawrence county for service in the army responded last Sunday; and on Monday morning the 45 white men needed to complete this county's quota on the first call left for camp Taylor.

The court house was packed with people at two p. m. Sunday to see the boys enter the service of their country. Some delay in the ceremonies was caused by late trains on the N. & W. While waiting the crowd called for a speech from Mr. K. L. Varney, the eloquent agricultural agent in charge of the Big Sandy district. He responded in one of the most forceful and appropriate speeches that has been delivered here on the war situation. The audience was deeply stirred by the speech. Mr. Varney is equal to any occasion.

Then followed the roll call by the local board, composed of G. H. Vinson, Dr. A. W. Brundt and J. C. McClure. Henry Lambert was appointed leader of the men, to be responsible for the men reaching camp Taylor. They were

divided into squads of eight men, with the following in charge of each: Jim T. See, Ben Bentley, Oscar Halliey, Kinner Dean and Chas. T. Johnson.

Monday morning at 5:45 they assembled at the court house and some exercises were held. Testaments were provided for the boys and many presents were given them. They marched to the depot at 9:45 and at 10 o'clock boarded a special train bearing soldier boys from Pike, Floyd and Johnson. A very large crowd was out to bid them farewell and good luck. They are a fine lot of fellows. Following is the list.

MRS. H. G. WELLMAN HOSTESS, HONORING MRS. BRODE

Honoring Mrs. Linden Brode of Wayland Huntington, Mrs. Harry G. Wellman on last Friday afternoon gave a very delightful party. Her new and handsomely furnished home had adorned beauty by a tasteful arrangement of ferns and other plants.

Decorations suited to the day—the 22d of February—were much in evidence.

At the conclusion of the afternoon Mrs. Wellman served a most elegant luncheon. She was assisted by her mother, Mrs. M. S. Burns.

Mrs. Wellman was a bride of last fall and while members of her friends have enjoyed her hospitality in her new home this was her first real party and was a most happy one.

The following were the guests on this afternoon.

Mrs. Linden Brode, Mrs. J. L. Richmond, Mrs. Julia Snyder, Mrs. F. A. Millard, Mrs. A. M. Hughes, Mrs. F. F. Conley, Mrs. B. E. Adams, Mrs. L. Stewart, Mrs. R. V. Garred, Mrs. W. L. McDyer, Mrs. R. L. Vinson, Mrs. J. H. Reynolds and daughter, Louise Milton.

NINETY-TWO YEARS OLD. Mrs. Dorcas Snyder of Appalachia, O. who had been the guest of her sons, T. J. and Augustus Snyder, has gone to Middleboro, Ky. for a visit to her daughter, Mrs. G. B. O'Rourke. She was accompanied by Mayor A. Snyder. They went through "The Breaks" and into Virginia and Tennessee. The journey was a long one and Mrs. Snyder stood the trip remarkably well. She was 92 years old the 13th of February.

DEATH OF A CHILD. H. E. Potter's child, age five months, died Thursday night at his home near Zelena, this county. Phenomenal was the cause of death.

JOE FUGETT IN FRANCE.

Mrs. J. W. Anderson of Potter, received the following letter from her son, Joe Fugett:

Dear Mother:—Just a few lines to let you know that I am o. k. and am enjoying the best of health and hope you are the same. It has been very cold here, but is warmer now and is fine weather. It is just like spring in old Kentucky.

One of our great sports here is hunting wild boar, but we seldom ever see one. While we were at target practice the other day one of the fellows killed one and then we had a big roast, and you bet we all had a feast. I do not have to drill any, am the captain's orderly and have it very easy only when I start to write and then I have to go somewhere for him. I go to some town nearly every day on company business.

Oh, you should see me with my new gas mask on, I look terrible. The Y. M. C. A. is certainly doing a lot for the soldiers in France. If it was not for the Y. it would be awful hard to get paper to write on, and tobacco you can hardly get a bit. I am out about half of the time and you know that a soldier isn't worth much without his tobacco.

I have a nice room to stay in and a good feather bed to sleep on.

My room is next to one of the Lieutenant's room and we stay in his room all the time only at night and when we get home we sing "My Old Kentucky Home" and then "Good By Broadway, Hello France" and cheer up and it is not so bad after all.

I am sitting in the captain's room now all reared back like the King of England but am only a poor Samson. Well, as I can think of no more to write, will close for this time with love and best wishes. JOSEPH J. FUGETT, Co. C, 166 U. S. Inf., A. E. P. via N. Y.

OIL NEWS.

The first test well at Chapman station, eight miles south of Louisa, was drilled into the Berea sand this week. The formation was regular and encouraging, but only a slight showing of oil was found. It is reported the well will be drilled to the next sand.

It is reported on the streets here that oil has been found in Elliott county in very profitable quantities.

Well No. 2 drilled by E. E. Franklin for Coghill & Clark on land leased from F. H. Bussey was completed Saturday. It is said to be a small pump. Two more locations have been made.

Louisa Man in the West.

Junior Lackey, son of James Q. Lackey of Louisa, writes from California and sends us the following clipping from a San Francisco paper. He says the L. W. W. are worse than we can realize. Junior is in charge of the lines laid by Kennedy and they keep the entire route guarded day and night:

Industrial sabotage by forty members of the L. W. W. to handicap California's participation in national food production through the plotted destruction of the \$1,250,000 Lindsey-Strathmore Irrigation project near Visalia, was discovered yesterday when United States Army officers took into their custody Frank Baumann, an enemy alien. The Army Intelligence office of the Western Department is conducting a rigid investigation of activities that have already done \$60,000 worth of damage to the project, and threatened to destroy the producing value of 15,000 acres of land.

Baumann, who was born at sea of German parents, is accused by fellow workmen of having threatened to blow up with dynamite the controlling works of the project. He also is accused of having buried while drunk that he and his fellow L. W. W. had made useless more than twenty miles of pipe constructed by the Redwood Manufacturers' company of San Francisco, then laying the pipe so that the water would run out at the joints. The suspect also predicted that the project which is bearing its final stages never would be completed.

The L. W. W. troubles at the project developed in August and September of last year, when James Kennedy, a Los Angeles contractor, was warned that there was a definite plan by L. W. W. men, presumably directed by German agents, to prevent the work.

Later, according to C. J. Wood, vice-president of the Redwood Manufacturers' company, his organization quietly dismissed forty L. W. W. men from among the workers. At that time Baumann was not under suspicion and he was retained. Wood said that the activity of the Government men positively insured the success of the project, and that the company would co-operate with the Government to safeguard the pipe lines in every way.

JAMES A. HUGHES FOR UNITED STATES SENATOR

It is reported in West Virginia that ex-Congressman James A. Hughes of Huntington, will become a candidate for United States Senator from that State. He served his district several terms very faithfully and efficiently in Congress and is well known throughout the State. If he goes into the race he will prove a formidable candidate for the Republican nomination.

M. E. C. S. BAZAAR.

The ladies of the M. E. Church, South, announce that on the Friday and Saturday before Easter they will hold the Easter bazaar in the basement of the new church. Dinner will be served one evening, probably Friday. They have been preparing for some time for the bazaar and will have many pretty and useful articles on display and will appreciate your patronage on the 13th of February.

CHAS. ROBINSON CLEARED OF MURDER CHARGE

SECOND TRIAL REMOVES THE SENTENCE IMPOSED BY THE FIRST.

Chas. Robinson was acquitted of the charge of manslaughter, in the Lawrence Circuit Court last Saturday. He killed Wm. Blevins near Webbville, on May 1, 1918, for the purpose of conserving the egg supply of the country and to encourage the production of more chickens. Hens may be sold for production purposes, but not to be killed.

It is estimated that 1,000,000 fowls are sold annually from this State during this time. This represents a loss of 30,000,000 eggs, which will be prevented this year.

Heretofore every farmer who has sold a hen during February has lost at least fifty cents per hen by so doing. The nation needs the eggs that will be laid by those hens in order to increase our food supply and help win the war.

After May 1 these hens may be sold as usual.

Furthermore, do not "break up" the broody hen. Give her a setting of eggs and let her raise chickens. FRED M. SACKETT, Food Administrator for Kentucky.

WASTE AND THRIFT.

One effect of the war has been that the people are beginning to understand the truth of the statement that whatever is spent for unnecessary things is a waste of labor.

All that is paid out for unnecessary and expensive food, clothing, and a thousand other needless things, involves a dissipation of labor that is serious and alarming at this particular time.

The scarcity of all sorts of necessary commodities drives home the need of stopping the waste of labor and of diverting it from the production of non-essentials to the making of those things that must be had to sustain the physical and mental efficiency of the people. The only possible way to accomplish this is for everyone to always think twice before buying the things that are not necessary. In other words, systematic thrift, not spasmodic saving, is the one method by which the production of necessities can be made to equal the essential demand. Otherwise the shortage of commodities is bound to become more and more acute, and the physical stamina of the people gradually undermined.

A double benefit will accrue if the savings that result from thrift are invested in Liberty Bonds, for the strain of war financing will then be just so much removed from capital which can to that extent continue to be used in the production of those things that are needed in the war and that are vital to the prosperity and progress of the country.

MRS. LYDIA BUTLER DIED RECENTLY AT COVINGTON

Mrs. Lydia Butler, who for a number of years lived in Louisa but for the past eleven years had made her home with her daughter, Mrs. B. F. Coaway in Covington, suffered a stroke of paralysis on February 2 and never regained consciousness, passing away three days later. Her age was 88 years.

She was a native of Johnson county and before marriage was Miss Lydia McLean. Mr. and Mrs. Butler and family were residents of Peach Orchard, this county, a number of years.

Mrs. Butler is survived by two daughters and one son Mrs. C. H. Borders of Milan, Mo., Mrs. B. F. Conaway of Covington, Ky., and Mr. H. B. Butler of New York. Her husband, two sons and two daughters Tom, J. C., Mrs. L. B. Ferguson and Mrs. G. B. Gray, died several years ago. The burial of Mrs. Butler took place at Richardson, this county, and owing to weather conditions and delay of trains, the only immediate relatives from a distance present were Mr. and Mrs. B. F. Conaway and Mrs. John McAlister of Covington. Mrs. Alex W. Scotton and son and Mr. and Mrs. H. W. Scotton of Ashland, and Mr. and Mrs. Cecil Farley of Ilitchens. A large number of old friends attended the funeral.

JOHN WORKMAN INJURED.

John Workman, 20 years old of near Louisa, was painfully injured last Thursday when he fell from a swiftly moving railway motor car, which is used by track inspectors. Workman was taken to Huntington on a switch engine to the Chesapeake and Ohio hospital where it was found that his injuries consist of painful bruises about the head. The accident happened about five miles west of Huntington.

COURT OF APPEALS.

Elkhorn and Beaver Valley Railway Company vs. Allen, Floyd; appeal filed with notice.

Hatfield vs. Morris, Pike, motion for cross appeal and cross appeal denied, motion for an appeal overruled and the judgment affirmed with damages.

Auxler vs. Auxler, Auxler vs. Williamson Coal Co., Johnson; motion to file bill of evidence and plea of illumination passed to be heard with the cause on merits.

MAN ESCAPES FROM JAIL AT LOUISA

Wm. Marcum sawed his way out of the county jail at Louisa Tuesday night and escaped. He was charged with receiving stolen goods. Doek Johnson was on his bond and when he failed to appear in court recently Mr. Johnson found him at Catlettsburg and delivered him to the court.

BUYS CEMENT PLANT.

Ironton, Ohio, February 21.—Morris L. Stephenson purchased the Superior Portland Cement company plant and land holdings at the receiver's sale here to-day. He bid \$360,000. It is understood that Mrs. Naunie H. Wright of Ironton, is interested with Mr. Stephenson. The plant will be overhauled and will resume operations within a short time. The sale was conducted by Guy Mallon, receiver.

DECLINES THE HONOR.

Evanston, Ind., February 18.—Samuel May, local millionaire, head of a contract company that built several Government dams along the Ohio River who has been urged to run for the Republican nomination for Congress in the First Indiana District, to-day stated he would not make the race.

FORT GAY DEALS.

Sheridan, Dobbins, who recently moved back from Michigan, has bought residence property in Fort Gay from Lula Wellman. The latter has bought from his father Cline Wellman a place he formerly owned.

NEW HEN RULING

IS A BLESSING

FARMERS NOT PERMITTED TO SELL HENS FOR SLAUGHTER DURING SPRING.

The ruling of the United States Food Administration prohibiting the selling of hens and pullets from February 11 to May 1, 1918, for the purpose of conserving the egg supply of the country and to encourage the production of more chickens. Hens may be sold for production purposes, but not to be killed.

It is estimated that 1,000,000 fowls are sold annually from this State during this year.

KENTUCKIAN BIT AT A FATAL SCHEME

Petersburg, Fla., February 17.—That B. F. Creech, a wealthy visitor here from Four Mile, Ky., has been the victim of swindlers and possibly foul play in the belief of his friends here, who fear for the safety of the elderly man.

He left here January 21, telling his friends he was in on a business deal that would net \$41,000. He went with three strangers in a machine, and though he said he would return or send a forwarding address for mail which he asked he held at his hotel here, nothing has been heard from him and the police have been called in.

Creech told friends here that he and two men had won \$120,000, but that the money would not be paid them until he could show he could have paid the bet he had lost, which required that he put \$30,000 in his bank at once.

EACH AMERICAN SOLDIER CARRIES A COMFORT KIT

Washington, Feb. 25.—Every American soldier who enters the trenches carries an American Red Cross comfort kit packed by an American woman (Mrs. James H. Perkins, Red Cross Commissioner to Europe, announced to-day in a cablegram to Red Cross headquarters here).

The kits which contain towel, shirt, writing paper, pencil, soap, handkerchief, socks, mirror and tobacco, have become a great convenience to the troops, says Mrs. Perkins, who wants more of them, particularly ones with stocks and tobacco.

Ohio River Improvement

The Cincinnati Enquirer says:

Fields of Ohio River improvement are jubilant over the news from Washington that the Rivers and Harbors Committee had included the regular appropriation of \$5,000,000 to carry on lock and dam work on the Ohio for the next fiscal year.

The appropriation in these times of public economy is regarded here as significant recognition by Congress, as well as the Administrative officials of the National Government of the great value of the Ohio River as a commerce carrier. The \$5,000,000 for the Ohio River is approximately 20 per cent of the total proposed expenditure of the National Government for river and harbor work, and it is understood, was included in the present bill upon the recommendation of army engineers as submitted by the War Department.

"It's a splendid thing," said Mayor Calvin. "It means in short that Ohio River improvement work is to be continued. But the most gratifying part is that the Government

Over the Top

By an American Soldier Who Went
ARTHUR GUY EMPEY

When the Lusitania was sunk Arthur Guy Empey decided that he could not wait for his country to declare war—so he sailed without orders for England, and enlisted as a Canadian.

He recounts this incident in "OVER THE TOP" in less than five hundred words. In a few thousand more words he completes his experiences in England—and after that he is in France—for the greater part of the eighteen months before he was invalided home, in the "Front Line Trenches."

"OVER THE TOP" is the first story by one of the American soldiers who went to France, has been a real combatant and has seen long service in the trenches.

Sergeant Empey tells what it actually means and feels like: to be wounded seven times; to live for a year and a half with mud and rats and shells; to be covered with "cooties" and never to get rid of them; to go "over the top" in a charge; to grasp for your gas helmet when a second's delay means death; to capture a Prussian; to get tangled up in barb-wire with that machine gun working a few yards away; to lie for thirty-six hours wounded and unconscious in "No Man's Land."

For a year and a half, until he fell wounded in "No Man's Land" this American soldier saw more actual fighting and real warfare than any war correspondent who has written about the war. His experiences are grim, but they are thrilling, and lightened by a touch of humor as original as the Soldiers Three. And they are True.

We take pleasure in announcing that we have secured serial rights to this remarkable story and that it will appear in installments IN THIS NEWSPAPER

HOME SERVICE NO HAPHAZZARD, ODD JOB TASK

Red Cross Civilian Relief Workers Are Taught to Furnish Aid in Systematic Fashion.

[EDITOR'S NOTE.—This is the fourth of a series of five articles prepared by Mr. Flower on the subject of Red Cross Home Service. The remaining article is "Organizing and Training 30,000 Home Service Committees."]

By James L. Flower,

Director, Bureau Civilian Relief, Lake Division, American Red Cross.

American Red Cross Home Service workers in Ohio, Indiana and Kentucky, already administering to families of some 1,500 enlisted men, carry on their work with a "catechism" which includes what may be termed "eleven commandments." As these "commandments" typify the spirit in which this type of Red Cross relief is given, I am quoting them here, leaving the reader to draw his own conclusions.

1. Don't overwhelm people with questions before they have a chance to say what they want to say.

2. Don't suggest to them the answers they should make.

3. Don't forget that their hopes and pluses are more important than any single fact that the Home Service worker wants in order to make complete a report or record.

4. Don't encourage the children to talk about things that concern their elders—about family difficulties and so on.

5. Don't let the children come to the office with messages and requests except when there is a real emergency and no older person can possibly come.

6. Don't discuss the affairs of a family, nor tell the facts that come to your attention in the course of Home Service work to any outsider.

7. Don't give confidential information about the family when making inquiries.

8. Don't make inquiries of the present neighbors or do anything that will expose the family to gossip. Protect the family in question as you would your own family from anything that would help their self-respect.

9. Don't venture to make permanent plans on a first visit.

10. Don't fail to discover whether there is an immediate and urgent need of relief and to make some temporary provision for supplying it before waiting to make further inquiries.

11. Don't fail, however, to inquire (before paying the first visit if possible) what other agencies are interested.

True, the "do's" taught Home Service workers in Red Cross Home Service Institutes, far outnumber the "don'ts," and one or two should be mentioned to further exemplify the spirit of the service and the manner in which it is given.

One is: "Be sure that there is a definite invitation from the family or some responsible person competent to speak for them before entering the home in the name of the American Red Cross."

Another: "Be sure that the member of the family in question is in some branch of the service."

Casual reading of these instructions may lead to the impression that Home Service is a simple bit of work to be done in the odd moments of the members of a chapter committee. It is not a simple work, nor is it an "odd moment" task.

In addition to mastering a knowledge of government regulations on separation allowances and the War Risk Insurance Law, a Red Cross Home Service worker must either be naturally endowed with or be able to acquire the qualities of tact, patience and kindness, and must study the problems which beset home life.

With all its ramifications, Red Cross Home Service is the most exacting type of work now required by this humanitarian institution within the boundaries of our own country. Its requirements for immediate and authentic information of the broadest scope are such that a 116 page handbook of information for Home Service workers is now being prepared by the Director General of Civilian Relief for early distribution.

SO MUCH PAINSTAKING CARE HAS BEEN AND IS BEING TAKEN IN THE ORGANIZATION OF THIS WORK THAT ENLISTED MEN FROM OHIO, INDIANA AND KENTUCKY SHOULD KNOW THAT THIS ARM OF THE AMERICAN RED CROSS IS STRONG ENOUGH TO MAKE THEIR FAMILIES CARES EASIER AND TO EXTEND A KIND, YET UNPATRONIZING, HELPING HAND. SUCH FAMILIES SHOULD WITHOUT HESITANCY COMMUNICATE WITH THEIR RED CROSS HOME SERVICE COMMITTEE WHEN TROUBLED IN ANY WAY.

Buy it outright for Cash, Or buy it on the Installment Plan 25c down and 25c whenever you feel like saving it

HOW TO BUY IT ON THE INSTALLMENT PLAN

Go to the Louisa National Bank or a post office. Pay 25c, and the man at the window will give you a U. S. Government Thrift Stamp and a Thrift Card.

Post your Thrift Stamp or your Thrift Card.

When you feel like saving another 25c buy another Thrift Stamp and paste it on the same card.

When you have pasted sixteen of these Thrift Stamps on your Thrift Card, take this card to the bank or post office and give it to the man at window.

Also give him 25c.

The man will give you a U. S. \$1.00 War Savings Stamp.

He will also give you a U. S. War Savings Certificate.

A War Savings Certificate is a pocket-size folder on which you can paste 20 War Savings Stamps.

Paste your War Savings Stamp in your War Savings Certificate.

Take good care of it as it is worth \$1.12.

On January 1st, 1923, the U. S. Government buys this War Savings Certificate from you, paying you \$5.

This profit is 4 per cent interest compounded quarterly.

Every man, woman and child in this hour of our country's need, should save money and buy as many War Savings Stamps as he can afford.

You can buy your second War Savings Stamp on the Installment plan just as you bought your first one, and more if you desire up to \$24.00.

HOW TO BUY IT FOR CASH

If you do not wish to buy War Savings Stamps on the Installment plan as explained above, you simply pay \$4.12 at the War Savings Stamp window of any bank or post office.

War Savings Stamps cost \$4.12 during January.

During February they will cost \$4.13.

After February they go up one cent more each month.

So you see, the sooner you buy your stamps the more money you earn on them.

If you should need your money at any time, take your War Savings Certificate to any post office.

The post office will give you back your money plus accrued interest at the rate of about 2 per cent.

If you do not wish to go to a post office or a bank to buy a Thrift stamp write on a postcard, "Send me one 25-cent Thrift Stamp, C. O. D."

And write your name and address on the postcard.

Address the postcard to "The Post Office."

Next day your postman will bring you a 25-cent Thrift Stamp and a Thrift Card C. O. D.

HOME CIRCLE COLUMN

Our Girls.

They are just two things that will keep girls straight at the age when they begin to think of longer dresses, and beauty. One is plain clothes and the other is home dutie. The girls we see making fools of themselves are almost invariably over-dressed. They wear duds that women of thirty should hesitate about wearing.

A little girl with too many and too costly clothes on her back gets self-conscious and vain and loves admiration—and you grown-ups know the next step. A simple, pure-hearted girl who has a place in a home, home work and home duties, has her heart there, and no boy can steal it. Even when maturity comes, and a real man comes, will such a girl leave home, and then only after a heart rending. But a girl who is at home only at the table and late bed time won't love that home. Work makes things sacred. The child whose home memories are not haloed by work, who is not needed, and does not feel the need, will not love home. And if she does not love the home of her girlhood, she will love no other.

The mothers of this town who are responsible for the girls who gad on the streets should stop and think what they are doing. These girls are no longer children. They are at an impressionable age. Where will you have their impressions come from—from the riff-raff of the streets, or from home? It is for the mothers of this town to settle this question.

We heard of one of our young men making sport of religion in front of our office the other day. His mustache had just begun to sprout and judging from his talk his mental faculties were not as well developed as his mustache. During our brief stay upon earth we have seen many just such young men cold in death. We have seen the atheist at rest in his casket, but before being consigned to their last resting place they have all been carried through the doors of a church and had prayers said over them. This young man could scoff at religion in his strength and beauty of health, but if the dark angel should get after him he would instinctively regret what he said and look into the future with fear and trembling. When one stands before the open door of eternity his desire to scoff at religion vanishes. We admit there are bad men in church, but even these black sheep in the flock might be blacker if they were outside. No young man or old one either, should condemn the noble efforts, the army of Christian men and women are making towards bettering the condition of things, and whether we attend church or not but few of us would desire to live in a community where there was no church. Young man, in the future, if you must scoff at religion, please get a little farther from our office if you do not want to see your name in print.

Mother.

There is one form sacred in memory's gallery, one face which time can never erase. It is that of our mother, the dear, gentle, compassionate mother who loved us and we knew what love was, and taught us the right ere we knew the wrong. She sang us to sleep in the innocence of childhood, and awoke us with loving kisses on the bright mornings of long ago. Her eyes beamed with joy as she blessed us at life's dawning and spoke a tender farewell, as the life-morn went down. She watched us to school in the summer sun and taught us our lessons by the wintry fireside. From childhood's morn to manhood's hour she was ever at hand to soothe and console and when at last we must go forth from the old home and fireside, how tenderly and affectionately she caressed us and kissed us good-bye—then waited and hoped and prayed that all would be well. From first to last her love was the same—it knew no bounds. With cheers for the right, tears for the wrong, she was happy in our joys, and in our sorrows and she washed away our errors in the flooded rivulets of the soul. Her conscience was her guide and her family her greatest joy. She loved her home more than glittering fashion and sought honor in the consciousness of doing good.

The Needs Of The Young.

Your children are apt to think that what you do is right. They have no sense of truth or righteousness but yourself. Things which you do, know not the time to be wrong, they take to be right. The reason this way: either always does right. Father did. Therefore this is right. That is bad logic but bad premises. No one ever gets over having had a bad example set him. Your conduct more in your teaching makes impression. You laugh, your frown, your dress, walk, your greetings, your good-byes, your comings, your goings. Your voice is at the table, the tones of your voice are making an impression which will last a million years after you are

dead and the mountains will crumble, and the world will die, and eternity will roll on in perpetual cycles, but there will be no diminution of the force of your conduct upon the young eyes that saw it or the young ears that heard it.

How is your six-weeks-old resolution does it stick? Now if you happen to slip, jump up instead of giving up. Be on the "try" instead of on the "yield" and the end of the year will find you stronger, better, of lighter heart and somewhat imperfect, than if you "decide there's no use" and fall completely back in the old way with the bogs of "bad habits."

ALL CHILDREN LOVE
"SYRUP OF FIGS" FOR
LIVER AND BOWELS

GIVE IT WHEN FEVERISH, CROSS,
BILIOUS, FOR BAD BREATH
OR SOUR STOMACH.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure, you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

GETS HIS FURLough

Private Rambo Sets Fine Example in Contentedness.

Letter to Parents Pleasee Camp Commander and Private is Given Leave of Absence:

Camp Meade, Md.—Private D. E. Rambo, Three Hundred Fifteenth Infantry, was scared for the first time since he left his home to fight when he was ordered to appear before the "old man," as Brig. Gen. William J. Nicholson is known throughout the brigade.

"Private Rambo" the General suddenly barked forth, "Did you write this letter?"

Private Rambo looked, cleared his voice of some of its huskiness and admitted he had. It read:

"Dear Mother and Father:

"Am writing you a letter to let you know I received your letter and also the box (Christmas box). You sent the box by express. Why don't you send them things by parcel post?"

Everything was fine, but the honey got warm and ran through the box. The cake was good, too. There's a fellow here I know up in the city. He thinks my cake can't be beat. We had a fine time yesterday, entertainment and turkey dinner. Now all I want is to get home for a week and then I'm ready to go anywhere. Maw, I never feel better in all my life than I do now. This is a sure healthy life. Plenty of work and all you can eat. Now don't forget to send a cake once in a while, for a box of things like you send makes life better. You can write and let me know when you send some more cake. With love for all, your son, D. E. Rambo."

"Well, Private Rambo," the general boomed again, "you can have that week's holiday home. I like boys who don't grumble all the time."

ACIDS IN STOMACH
SOUR THE FOOD AND
CAUSE INDIGESTION

"PAPE'S DIAPEPSIN" FIXES SOUR,
GASSY, UPSET STOMACHS
IN FIVE MINUTES.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and belches and eructate undigested food; breath foul tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

REAL FIGHTING
WHEN U.S. STARTS

Canadian Officer Praises Officers and Men of American Army in France.

EXPECTED TO WIN THE WAR

Come in at Time When Strain of Long Fighting is Beginning to Show on Both Allies and the Foe—German Tactics Simple.

Chicago.—"The Germans must strike now or never," wrote Maj. George W. MacLeod, second in command of the Forty-ninth Canadian battalion, and one of the veterans of the hardest fighting the Canadians have seen in France. In a letter to Capt. A. Wallace Owea of the British-Canadian recruiting mission in this city. Captain Owea is attached to the Forty-ninth battalion.

"All we can do is to say, 'Let the battle commence,'" the letter continues. "Every one is anticipating a big German offensive either against ourselves or the French. There never has been such close co-operation as exists at the present time between ourselves and the French, and if the Boche starts anything he may get the surprise of his life."

Pleased With Americans.

"Every one is very much pleased with the Americans over here. They are a splendid looking lot of officers and men, and their manners and attitude leave nothing to be desired. Once they start in I think that the Germans will have some real fighting to handle."

"One is gradually beginning to realize the meaning of the expression a 'war of attrition.' With the enormous slaughter which has been in progress for over three years the Germans and ourselves are beginning to show the strain. We see it in the type of officers and men as regards physique. Our training possibly counteracts to a certain extent this loss of physique, but I would not care to see the average unit of today placed alongside its former self. Similarly with the rest of the belligerents. It is at this juncture that the Americans arrive, and one is immediately struck with their appearance. The first million men from the United States army should nearly be able to match the war provided they are not used to drill. Given a completely new army, say of two full corps, or possibly three, in the spring and the end of the war should be not long postponed.

German Tactics Simple.

"I do not think that we are at the last ditch by any means. We have been in tight corners before, and will no doubt sweep our way out of the present one. A German offensive put on simultaneously against the French and ourselves at the present time would, however, make it fairly stiff.

"I doubt, however, if the German is really sufficiently strong to do this; i. e., two determined sustained offensives. That he will use diverse tactics is probable. He must finish the job this winter, or he never will, and all we can do is to meet the blow when it comes, or, possibly anticipate that blow by one of our own. The German grand strategy has never been anything but simple. His tactics are different. His strategy has been simply to wear down the forces opposed to him until a stage is reached when he can attack."

PRICES JUMP IN 25 YEARS

Wisconsin Farmer Makes Interesting Comparison Between Prices in 1892 and Now.

Portage, Wisc.—E. R. Stedtmeyer, who has been engaged in farming in this locality for the past quarter of a century, has made a comparison between prices prevalent in 1892 and those of 1918. Here's what he found: Hogs in 1892 were \$2.00, now \$16; cattle \$2.50, now \$10; rye 40 cents, now \$1.85; wheat 45 cents, now \$2.20; potatoes 10 cents, now \$1; butter 15 cents, now 50 cents; eggs 8 cents, now 42 cents; cord wood \$2.50, now \$7.50; bread \$1.50, now \$40; hay \$5, now \$20, and oats 13 cents, now 75 cents. The farmer says these are only a few of the changes, and while agriculturists are obtaining decidedly better prices than 25 years ago, they are compelled to pay more for what they buy.

FOUND FATHER WAS AWAKE

Young Man Slides Down Chimney While Trying to Dodge Sweetheart's Parent.

Yonkers, N. Y.—Don Bottell went to see his sweetheart recently when the father was believed to be asleep. Father was awake.

Don dodged several pieces of furniture, then took to his heels. So did father. Don went up a back stairway to the roof and across neighboring roofs. He did father.

A large chimney appeared friendly and Don shot down. Father did not. He was too fat. Don arrived in the midst of a holiday gathering. He was held by members of the surprised family and turned over to the police. He spent the night in jail and later promised the court never again to force himself into the home of any girl's father. Don was released.

RUB LUMBAGO PAIN
OR BACKACHE AWAY

INSTANT RELIEF FROM PAIN,
BACKACHE, SORENESS, STIFF-
NESS, SCIATICA WITH "ST.
JACOB'S LINIMENT."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothiing, penetrating "St. Jacob's Liniment!" Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless, and doesn't burn or discolor the skin. Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop dragging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.

DOBBINS.

Several men from this community are attending court at Louisa this week, having been summoned to appear as witnesses in the Robinson trial.

J. K. Pennington is very sick with small-pox. This is the only case in this neighborhood but we are expecting more.

The teamsters are busy this pretty weather hauling machinery to the oil wells on the Fulton farm and at Isonville.

Mrs. Manda Rose was the guest of Mrs. Alonso Sloane, Monday.

Miss Emma Whitley returned from Isonville Monday where she has been visiting home folks.

Misses Gindys, Rose and Bonnie Booth were guests of Miss Pearl Leadington Sunday.

Mrs. Louise Bush is very sick with grippe.

Miss Myrtle Wheeler was the week-

end guest of Miss Florence Flanahan near Willard.

SUNDAY SCHOOL STORIES.

For reasons, not altogether creditable to our human nature, we have fallen into the habit of characterizing a certain class of tales of individual goodness as "Sunday School Stories." It is true the literature produced for the libraries of Sunday schools, at first, and sometimes even now, was sentimental, pedantic and insincere, invariably and invariably the good little boy or girl was crowned with a halo of prosperity and glory. So false was this to life as to condemn this style of literature to public criticism and contempt.

To such a degree was it carried, however, as to imply that every tale of reward for purity, for honesty or for heroism was false, or improbable, at least, in order to be true to life such virtues must needs,

It is a great mistake to delude ourselves with the idea of an early peace. There is only one way to get peace and that is to whip the Kaiser and his followers to a frazzle, and that is a big job. The German militarists have no honor. Their word is good for nothing. All their sacred treaties and agreements were declared to be mere "scraps of paper" when they decided to break them and start the war. Of what value or permanence would a peace agreement be with those Hunns devoid of integrity, dishonorable to the last degree. The Kaiser will beg for peace when he feels his grip loosened from the throat of an outraged world and not before. He will do so then in an effort to keep from losing his throne and for no other reason. The world can have no assurance of peace as long as he or his descendants are rulers. After all the bloodshed and horror he has brought to humanity, what an awful injustice it would be to our posterity to permit him to retain his crown. Let's quit talking about peace. It is a German scheme to talk peace. In order to divert our thoughts from a crushing victory and to slacken our speed in the great task taken up by the United States to make the world safe for democracy.

We have heard a lot of talk from wet politicians lately about being in favor of "dope dry" legislation. It has been charged that this meant a law so dry as to be unconstitutional, which is the same as no law at all, of course. Now it has been demonstrated at Frankfort that the charge is true. The constitution of Kentucky limits the extent to which dry legislation can go, and the dry people want to go to that limit, but no farther because to go beyond it will annul the law. There must be a "personal use" provision. The dry people regret the necessity of this, but want the best law they can enforce. The scheme of the wet was fully disclosed in the Senate Thursday, as shown by the following report from the Cincinnati Enquirer:

Not one of the "wet" Senators voted for the "personal use" amendment.

The Senators voting against the personal use amendment are: Brock, Burton, Carter, Combs, Early, Gardner, Glenn, Harlan, Harris, Helm, Huffaker, Lewis, Litterell, Morris, Perry, Rayburn, Richardson, Rogers, Sanders Sims, Simmons, Thompson. Total 23. The Senators voting to concur in the amendment were: Bradley, Frost, Hinckle, Hon. Nunn, Parks, Peak, Elkes, Smith, Swinford, Taylor, Whitaker. Total 12. Of the 12 Republican Senators present and voting, but three of them—Bradley, Parks and Taylor—supported the amendment.

We have heard the opinion expressed several times within the last few years that the improvement of Big Sandy river would never go farther than it has already gone. The present critical situation in transportation, etc., however, promises to arouse Congress and the country to the necessity of giving the rivers more attention. The Big Sandy project is along to the point where four more dams would reach a very considerable coal field. It is a good time to urge resumption of the improvement. The money already spent is not well invested if we quit. It would be a fine investment for the public if carried far enough to handle river shipments of coal along a route of several miles. This is entirely practical now, since the dam below the mouth of the Big Sandy enables boats to get out into the Ohio at any time.

The railroads are not able to handle the business available. The C. and O. discourages new coal operations. They refuse to set cars, we are told, for new mines that would open along their line on the Big Sandy. They dislike to put in sidings or to allow them to be put in. They have more business than they can handle already, without increasing it. Unless legislation more favorable to railroad operation and development is forthcoming very soon the railroads are going to drag along at the rear of the procession as they are at present regarding the progress of all large affairs. Between the unions and the Interstate Commerce Commission and a number of cumbersome laws the railroads are in the middle of a bad fit and the country is doing most of the suffering.

River transportation will come back if given a chance. The demands of the times will force it back.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

TRY THIS! YOUR HAIR GETS WAVY, GLOSSY AND ABUNDANT AT ONCE.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Dandrine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowton's Dandrine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fullness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Dandrine is, we believe, the only sure hair grower, destroyer of dandruff and hair for lichen scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Dandrine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and healthy in just a few moments—a delightful surprise awaits everyone who tries this.

INEZ ITEMS

The many friends of Miss Laura Horn were surprised to learn of her marriage on February 14 at Wayne, Va. to Mr. W. O. Romans. Our congratulations and best wishes are extended to the young couple. Miss Horn is a successful stenographer and has been the secretary for the examining board for several months. She is a deservedly popular young woman and active in church work and she will be greatly missed by her many friends.

Mr. Romans is a fortunate young man. A destructive fire took place last Thursday night at 7:00 o'clock. Fire was discovered in the house of Rev. L. Kirk which was being occupied by Mr. Sam Haynes and wife. The family had all gone to church and a coal fire was left burning in the grate in front of which some clothes were left hanging. When the fire was discovered it had gained such headway that it was impossible to save the house or any of the contents. The two story house next door owned by Squire John Stepp was soon in flames and it took quick work to get the contents of it moved out. The squire has been very sick for months and he was carried out to the home of Rich Butcher where all the family spent the night.

The house on the other side, owned by Ernest Ward, was saved by the speedy work of the crowd of helpers. Mr. Kirk's house was insured, but Mr. Stepp suffered an immense loss as he had just sold his farm to purchase this property and was without insurance.

The war workers are busy. Forty-six pounds of wool were purchased last week from Mr. Dave Ward and it is being prepared to make into socks for our boys who have gone from Martin county.

The women and girls prepared for the twenty-six boys who went to Camp Taylor, housewives containing thread, pins, buttons and needles.

A farewell meeting was given for the boys at the court house on Sunday night, but previous to this meeting the boys attended Christian Endeavor by special invitation. At the court house a program was given consisting of a flag drill by young ladies, a song by primary pupils and speeches by L. Dempsey, L. C. Richmond, Mrs. Hart, Mrs. E. W. Kirk, Mr. Clark and A. D. Speer.

Rev. E. N. Hart has been sick for a week of pneumonia at the home of Mr. G. T. Justice. His sister-in-law, Mrs. L. B. Hart has arrived from Greensburg to help nurse him.

Word has been received that Clyde Cassidy is recovering from the operation he underwent at Colorado Springs, Colo. His mother and brother are with him.

"HONEST ABOUT IT.

The shortest and truest sermon we

CHEERFUL WORDS

FOR MANY A LOUISA HOUSE-
HOLD.

To have the pains and aches of a
bad back removed—to be entirely free
from annoying, dangerous urinary dis-
orders, is enough to make any kidney
sufferer grateful. The following advice
of one who has suffered will prove
helpful to hundreds of Louisa readers:
Mrs. Jas. Q. Lackey, Lock Ave.,
says: "Several years ago I used Doan's
Kidney Pills and from the results I re-
ceived, I can say they are a splendid
remedy. At that time I suffered with
weakness and lameness across my back.
My kidneys were irregular in action,
too. It didn't take Doan's Kidney
Pills long to rid me of the complaint
and help me in every way. I certainly
have great faith in Doan's Kidney Pills
and think them a good reliable kidney
remedy."

Price 60¢, at all dealers. Don't simply
ask for a kidney remedy—get Doan's
Kidney Pills—the same that Mrs.

TRY "CASCARETS" FOR
LIVER AND BOWELS
IF SICK OR BILIOUS

TONIGHT! CLEAN YOUR BOWELS
AND STOP HEADACHE, COLDS,
SOUR STOMACH.

Get a 10-cent box now.
Turn the rascals out—the headache,
biliousness, Indigestion, the sick, sour
stomach and bad colds—turn them out
tonight and keep them out with Cas-
carezts.

Millions of men and women take a
Cascaret now and then and never know
the misery caused by a lazy liver, clog-
ged bowels, or an upset stomach.

Don't put in another day of distress.
Let Cascarets cleanse your stomach;
remove the sour, fermenting food; take
the excess bile from your liver and
carry out all the constipated waste
matter and poison in the bowels. Then
you will feel great.

A Cascaret to-night straightens you
out by morning. They work while you
sleep. A 10-cent box from any drug
store means a clear head, sweet stom-
ach and clean, healthy liver and bowel
action for months. Children love Cas-
carezts because they never gripe or
sicken.

The Vincsburg Sun says: "Our fake
subscription agent, C. W. Williams,
claims Johnson and many other brothers,
came to grief in court Thursday when
he was sentenced to one year in the
penitentiary. He was not tried but as
soon as his case was called he plead
guilty and threw himself upon the
mercy of the court. It is to be hoped
that he will learn an honorable way of
making a living. Without a doubt he is
the same person who has worked
Greenup, Carter, Fleming, Lewis (once
before), Pendleton, and no telling how
many other counties. Again, beware of
fake agents who want to give you
something for nothing or a great deal
for a little money."

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off
The "Banana-Feel" Way!

Why have to drop on the floor,
squeeze yourself up like the letter
"S", and with bulging eyes draw
your face up into a wrinkly knot
while you gonge and pull at the
"gulch" of a tender corn? That's

2 or 3 drops Applied in a Few Seconds—
There's no Pusing or Cutting.
"Gets-It" Always Works

the old, savage way. "Gets-It" is
the modern, painless, simple way.
Lean over and just two drops of
"Gets-It" on the ear will just
tuck and shape right on again,
and forget that corn. That's it.

"Gets-It" has revolutionized the
treatment of corn. It never trashes
the true flesh. You'll stop
the use of the old salts, and
hod away with greasy salves,
banding bandages, thick plasters
and painful methods. Use "Gets-It".
It's common sense.

"Gets-It" is sold by all druggists
over counter, price no more than 25
cents or it will be sent direct by

FIRST NAVEL ORANGE DYING

Parent Tree of California Citrus Or-
chards Planted 44 Years Ago,
Seems Near End.

Riverside, Cal.—The original Wash-
ington navel orange tree, planted here
forty-four years ago, producer of the
first navel oranges grown in the United
States and parent of millions of trees
now growing in California, is be-
lieved to be dying.

Horticultural experts are studying the
disease that threatens it in the
hope of prolonging its life.

This tree came originally from some
point inland from Bahia, Brazil. It
was planted here in 1873 by Mrs. C. L.
Thibbets, who obtained it from the
horticultural gardens in Washington. Efforts
to discover in Brazil other navel
orange trees have so far failed.

NEW INVENTION OF MARINES

It's Called a "Bazooka" and Will Make
You "Shake Your Feet" When
In Operation.

Port Royal, S. C.—United States mar-
ines at this station have a new inven-
tion. It's called a "bazooka." No, it
isn't a cannon, nor a dying machine,
nor a machine gun, but when in operation
it will make you "shake your feet."

The "bazooka" is a simple contrivance
consisting of but two pieces of gas pipe
and a funnel, but its secret is the play-
ing. It is said that the Marine Corps
Jazz band is the only one in the world
that boasts of a "bazooka."

FARM TOOLS READY

Make Needed Repairs on Machin-
ery Before Spring Rush.

ACTUAL LOSS CAN BE SAVED

Farmers Who Wait Until Last Minute
Before Examining Implements
Often Encounter Trouble.
—Place Orders Early.

(Prepared by the United States Depart-
ment of Agriculture.)

Much time, trouble and actual loss
in the operation of the farm can be
saved if the implements and machines
are well cared for and needed
repairs made before the spring rush
of work begins. Some farmers wait
until it is time to use the implements
then haul them out of their winter
quarters. The man who follows this
principle may find that important im-
plements need repairs, and although
the season is ripe for plowing or seed-
ing, which should be done without de-
lay, it is necessary for him to drop
all other work and attend to the re-
pair job which could have been done
earlier in the season. Orders for re-
pair parts and new machines should
be placed as soon as possible. This
will acquaint manufacturers and their
agents with the demand in different
sections and enable them to make
the best possible distribution. At the
same time, it will eliminate expensive
delays in transportation at the busy
season.

Preserve All Machinery.

All practicable steps should be taken
to preserve machinery now on hand.
Needless exposure to the weather
should be avoided, and in cases where
it is not practicable to house machinery
when idle, all bearings should
receive a thorough application of
heavy oil or grease to keep out moisture
and prevent rust. It is believed
that on many farms machinery could
be more adequately sheltered in the
buildings available by exercising care
in placing them so as to economize
space.

Importance of Oiling.

More damage can be done to a ma-
chine in half an hour through lack of
oil or grease on some bearings than by
a whole season's exposure to the
weather, specialists of the United
States department of Agriculture de-
clare. For this sort of neglect there
can be no excuse, it is said. Operat-
ing a machine without lubrication, es-
pecially when the bearings are slightly
rusty, will quickly result in the
wearing away of the metal, often to a
considerable depth, in a very few minutes.

Expensive breakages, as well as serious delays, also may be caused
by operating machines on which nuts
have worked loose or have come off
entirely, allowing bolts to loosen or
drop out.

Some consideration in the use and
care of farm machinery are:

Orders for new equipment and re-
pair parts should be placed as soon as
possible.

To produce maximum results with
a minimum of labor, new and modern
machinery in large sizes should be
used wherever possible.

Serviceable equipment, not needed,
should be sold or made available to
others.

Useless machinery should be return-
ed to the channels of trade as junk.

Thorough lubrication and proper
care when in use will materially
lengthen the period of service of farm
equipment.

More care should be given to pro-
tecting farm implements from the
weather.

PREPARE A SEED CORN PLOT

Boat Plan to Select Choice Ears and
Plant in Separate Rows—Discard
Large Cobs.

(R. B. COOLON, Idaho Station.)
No matter how inferior the seed
corn may be, some of it is better than
the rest.

The tendency is for seed of any kind
to produce after its likeness.

If the best ears are selected and
planted in separate rows, the rest of

Splendid Seed Corn Ears.

the field, one ear to a row, this will
constitute a seed plot, where the best
seed for next year can be secured.

The average yield of corn in Iowa
last year was less than 85 bushels per
acre. Yields were secured in Idaho
above 125 bushels per acre.

Buy seed corn on the ear, then you
will know whether the rows were
straight or crooked. You can discard
the ears with large cobs and those that
are immature or otherwise undesir-
able.

Test each ear for germination; then
you won't be cultivating puny stalks
this summer and cultivating and wat-
ering hills where no corn grew at all.

Every American who wants to help win this
war should bear in mind that private service must
give way to government service. emergencies require that everything be subordinated to
the telephone demands of the army, the navy, and
other representatives of the government.

So when the increased business of fall and winter
is reflected in your telephone service by a slow-
ing down and by more frequent "busy" reports,
remember that we are using every means at our
command to keep our service up to its usual stand-
ard. Every available position at our switchboard
is occupied and it is difficult to secure additional
positions because Uncle Sam's requirements have
reduced the available supply of material to the
point where manufacturers cannot make a definite
promise of delivery.

Here's how you can help. Use the tele-

Paintsville Items

Father And Son Meeting.

One of the most enjoyable occasions in the history of Paintsville was the father and son meeting at the school auditorium Friday evening. Prof. W. E. Ward opened the meeting with an appropriate talk which was much enjoyed by all. Hon. James W. Turner was the first speaker and made a good address.

Other talks were made by the following: H. B. Rice, M. C. Kirk, Harry LaViers, Creston Clark, Mr. Harmon, Mr. Castle and Mr. Holbrook.

Pleasantly Entertained.

Mrs. D. J. Wheeler entertained Monday night in honor of her son Clarence, who is home from New York on a few days furlough. He is stationed on the U. S. S. Arkansas. A most delightful evening was enjoyed by all present.

Mrs. Kirk Improves.

Mrs. M. C. Kirk, who is sick in a hospital at Jacksonville, Florida, is much improved, we are glad to note.

Mrs. Mayo Sick.

The many friends of Mrs. Thomas J. Mayo will regret to learn that she is seriously sick at her home in this city. Her family and friends are alarmed over her condition. Two trained nurses are in attendance. She is one of the most prominent women in this section, being the mother of the late John C. Mayo.

Underwent Operation.

Judge Fred A. Vaughan, who took Mrs. Fred A. Vaughan to a hospital in

Louisville, has returned. Mrs. Vaughan underwent a serious operation and is yet in the hospital but is expected to be able to be out again in a few days.

Here From Wayland.

Robt. Atkinson of Wayland is spending a few days here the guest of Mrs. Atkinson and children who are spending some time with Mr. Atkinson's parents, Dr. and Mrs. W. T. Atkinson.

Returned From Pike.

Miss Pauline Carter returned to her home here after spending the weekend in Pike-co. Miss Carter is County Agent for Johnson, Floyd and Pike counties.

Timber Operations.

Last week the Huddleston Timber company started operations on the large boundary of timber purchased last year from F. M. Stafford near Paintsville. A large force of men has started to work cutting timber, building roads and houses. A large mill will shortly be installed and all the timber with a few exceptions will be worked.

J. H. Johnson, who for a number of years has been connected with the Rockcastle Lumber company, is the manager of the operation here.—Herald.

Pikeville Items

Pike County Court

Hendlee Bootleggers.

About the most interesting happening in Pike county recently is the present session of the Pike county court, at which the illicit selling of liquor, which has been going on for some time in Pike county unchecked, is at last meeting with justice. County Judge E. E. Trivette is fearlessly meting out justice to all offenders, and more than twenty-five bootleggers have been given a fine of \$50, and a jail sentence of ten days in jail, within the last week. Since such a small quantity of liquor is the limit to be carried on the trains in West Virginia these men have been going to Cetlettsburg and making their purchases, transporting it on the train to Elkhorn, and then carrying it on to Ashland through the county to the Tug river side, where it is sold at a great profit. This has been going on for some time, and Pike county is to be congratulated that she has such a man at her head as Judge Trivette, who has been busy ever since he took his oath of office in cleaning up just such conditions.

Miss Lawson Complimented.

Mrs. H. H. Williamson and niece, Miss Lucille Lawson of Williamson, returned to their home Monday after a week's visit with relatives here. During their stay here they were quite extensively entertained. On Thursday evening they, with Miss Sara Williamson were dinner guests of Mr. and Mrs. D. L. Francis. On Friday Mrs. Williamson and Miss Lawson were entertained to noon dinner by Mrs. Otto Auxier.

On Sunday Mrs. Williamson, Miss Lawson and Miss Emma Adele Tackaberry were guests of Mr. and Mrs. Linton Trivette at noon dinner. Besides these affairs, and number of social events were given in honor of Miss Lawson, including slumber parties with Miss Violet Walker and with Miss Elva Bevins.

Pretty Silver Tea.

One of the prettiest of the holiday affairs of the month was the Valentine Tea given at the home of Mrs. James D. Francis, by the Ladies Aid Society of the Presbyterian church. This lovely home was decorated for the occasion with pink carnations and festoons of hearts, and to each guest was given a valentine as a favor. Mrs. J. R. Johnson, Jr., presided over the tea service.

On Sunday evening Mr. Lear of the M. E. Church South, who is holding a

revival at his church preached to the selectives at the court house and again the court room was filled and many were turned away. Mr. Lear preached a very forceful sermon on the text "Render unto Caesar the things that are Caesar's, and unto God the things that are God's." He developed this text along the line that man's duty to man is to a great extent a matter of money obligation, his duty to his country, one of service and his duty toward God that of surrendering the heart and life to His wishes. The large congregation was greatly moved and when the appeal was made for those who wished to fulfill this last obligation to come forward, a large number, including some of the drafted men, went up and gave their hand to the preacher. Altogether it was one of the most inspiring meetings held in Pikeville for a long time.

Local And Personal.

Mrs. N. Starkey left Monday for a shopping trip to Louisville. While gone Mrs. Starkey will also visit her sister in Williamsburg.

Mrs. W. H. Layne and little daughter, Angeline, of Prestonsburg, spent the week-end with Mr. and Mrs. A. E. Auxier.

Chas. K. Wagner of Pocahontas, Va. was here on Monday.

W. G. Flea came up from Ashland to spend Sunday with Mrs. Flea.

Sunday was a very full day for the people of Pikeville for everyone was busy bidding good-bye to the last 35 per cent of the first draft, who left for Camp Taylor on Monday morning. This was the largest number of men yet to go from Pike-co. and numbered about one hundred and twenty-five. On Sunday afternoon after they had reported at the public school building where the local board has its office, this body of soldiers-to-be marched to the court house, escorted by the band and there a very inspiring programme was rendered. This programme consisted of several splendid addresses interspersed with music by the band. The court room was filled to its fullest capacity for this meeting and many were turned away because there was no room.

On Sunday evening Mr. Lear of the M. E. Church South, who is holding a

revival at his church preached to the selectives at the court house and again the court room was filled and many were turned away. Mr. Lear preached a very forceful sermon on the text "Render unto Caesar the things that are Caesar's, and unto God the things that are God's." He developed this text along the line that man's duty to man is to a great extent a matter of money obligation, his duty to his country, one of service and his duty toward God that of surrendering the heart and life to His wishes. The large congregation was greatly moved and when the appeal was made for those who wished to fulfill this last obligation to come forward, a large number, including some of the drafted men, went up and gave their hand to the preacher. Altogether it was one of the most inspiring meetings held in Pikeville for a long time.

Local And Personal.

Mrs. Leonidas S. Moles was a charming hostess to a number of the members of the Young Ladies Guild which met this week at her home on Main street. After a number of hours of needlework and a concert on the new Brunswick she served an elegant lunch.

Keeping Yourself Well

Run Down, Aching.

people need a good tonic that will send the blood tingling through the body, enrich it by improving the digestion, and clean it by expelling the waste matter. Health is a matter of plenty of rich blood, free from impurities.

PERUNA

dispels inflammation of the blood making organs, —the digestion—gives tone and "pep" to the membranes that line the lungs and the digestive tract, and invigorates the entire system.

You can have health if you take care of yourself and take Peruna when you need it.
